

UBER Solutions is currently looking for 1-2 experienced and skilled carpenters to join their team in Penticton.

Requirements:

- a minimum of 3-5 years (recent) experience in residential construction and/or renovations, with experience in framing and finishing work.
- a desire to build quality products.
- a pleasant and professional personality (this includes positivity, pride in our work, the desire to learn, a team player, and a sense of humour); adaptable, resourceful and proactive.
- excellent health - both mental and physical
- can receive and follow directions properly and efficiently; able to work independently on a job site or with other crew members as a team.
- capable of lifting 35lbs, working in all weather conditions and comfortable on ladders/scaffolding.
- experience operating a mini-ex and skid steer an asset
- MUST own set of basic tools (hammer, impact/drill, measuring tape, etc...)
- MUST have your own transportation and a valid driver's license

\* Red Seal certification is an asset

Wage starts at \$25-28/hr depending on experience and certification. There will be a 3 month probation period. Health benefits offered after 3 months.

We are looking for someone who, over time and with demonstration of a strong work ethic and effective leadership abilities, can be left to manage and lead a small crew on specific job sites.

Only those selected for an interview will be contacted.
